

*Day of Europe*

*Homework*

For the day of Europe I decided to make a Bulgarian dish. I make something like lasagna. I make banitsa with spinach and cheese. It was really easy and tasty.

My dad help me. He told me what I need, when I need to put it in the bowl.

On the morning the banitsa vanish really fast. It was awesome and my family like it really much.

*Thank you for your attention!*
